

PREMIUM IMPORTERS

Who are we?

Premium Importers represents more than 50 award-winning, boutique Australian wine brands.

What makes us different?

- We don't represent mainstream, mass produced wine brands.
- We only source wine from small, independent winemakers who lovingly produce artisan wines.
- Our boutique wines represent the incredible diversity of Australia's wine regions.
- Our pricing is exceptionally competitive as we are in partnership with the wineries and winemakers, and import their wine direct.

Our portfolio of Australian wines includes sparkling, still, red, white, rose, fortified and dessert wines, as well as organic, biodynamic wine and fruit wines. This extensive range will expand soon to include boutique beer and ciders.

The continent of Australia has an incredible 64 wine regions. These regions have an enormous diversity of climates, soils, aspect, elevation, aspect to oceans or mountains, and wine styles. Our wines and their producers are regional heroes that have blazed a trail for their regions' profiles.
